Friday 5th April 2019

Did you know?
April - April is named after the Greek goddess of love, Aphrodite. In the Roman calendar, the fourth month April is spelled Aprilis, from the Latin aperit, meaning "to open." The name Aprilis, is appropriate because in the northern hemisphere April is the month when many trees and flowers begin to bloom and go on to flower.

Dear Parents and Carers,

Bingo:

Thank you all for a wonderful evening...

We managed to raise a staggering £346.74, through the bingo, raffle and refreshments. This is all down to you, with the contributions of chocolate, participation on the night and our amazing PTA. Your support means a great deal to all of us at Frithville Primary School. Thank you!

Junior E-safety officers:

Yesterday we took our Junior E-safety Officers to Spilsby Primary School for a celebration of what we have achieved this year. Our children presented the Poster competition, our new policy and the newsletters; all of which keep this very important message of online safety at the very front of our minds.

Observant Parents:

A huge thank you to our very observant parents yet again... A few weeks ago parents at New York identified a strange car outside the school, this week parents at Frithville spotted some strange activity opposite the school. As a result of your action a car was apprehended by the police a short time later. Thank you.

Eye Tests:

Just a thought please... When was the last time you had your child's eyes tested? We have suggested eye tests to several parents since Christmas and the results have been spectacular. Eye tests for children are free, easy and if glasses are required, then these are free too.
