Did you know?

July - Julius Caesar's month

Julius Caesar reformed the Roman calendar (hence the Julian calendar) in 46 BC. In the process, he renamed this month after himself.

Dear Parents and Carers,

Key Stage 2 SAT results:

I am very, very proud of our Year 6 children yet again this year, they have all worked tremendously hard and have achieved the results they readily deserve, both in attainment and progress! We could well be the most improved school in Lincolnshire this year... I wonder if the Boston Target will write an article...

Fourth Year in a row...

Yes, for the fourth year running, both Frithville and New York Primary Schools have been awarded the "Gold" School Games Award. A huge thank you to the children, for their enthusiasm, dedication, resilience and team spirit, they have done us proud again this year. Thank you also to the staff of both schools, it does take a lot of time preparing letters, sorting kits and organising lunches. Finally, thank you to Discovery Sports for organising the PE across both schools and preparing our children for the events.

Reports and Parents' Evening:

Reports are out today... So please check the book bags... We will look forward to seeing you on Tuesday at the parents' evening, if we haven't seen you already.

E-safety:

TikTok hits the headlines again...

There have been a lot of concerns regarding TikTok over the last few months. Given the popularity of the app that's no surprise. But the latest concern is where children are being exploited to part with cash or 'digital gifts'. It's easy to blame the app, and the owners definitely have a part to play, but this is more to do with the so-called influencers using the app and exploiting their fans, such as a 12 year old who gifted £48.99 to show her appreciation of his videos and then he asked for more, or influencers who ask for gifts in turn for their phone number to talk - and don't pick up!
